

Protection for your home: we guarantee your peace of mind

Securitas Direct has the **largest and most innovative alarm monitoring centre in Europe** and boasts a team of over 4,000 professionals.

We protect your home by using the best alarm system on the market and our comprehensive and effective system that **detects intruders** before they can enter your property.

In the event of an emergency, **you will have a response within 29 seconds, with an alert sent to the police or emergency services.**

24-hour security system

Response in 29 seconds

We attend alarm activations in an average time of 29 seconds.

Inhibition proof ATN network

An exclusive network that is impossible to inhibit: the best protection against all types of robberies.

Control from your mobile phone

Control your alarm conveniently, easily and securely via the MyVerisure app.

Alert to the police or security guards

Once the attempted robbery or emergency situation has been confirmed.

SOS button for emergencies

The SOS button on Securitas Direct alarms enables you to call for immediate help in any emergency situation.

Lifetime guarantee and maintenance

Our devices have a lifetime guarantee and a 24-hour technical service.

Finance your alarm at 0% APR
